▶ Explore Pune Construction Engineering Research Foundation (PCERF)

Founded in **1983** by distinguished professionals from the construction sector, the **Pune Construction Engineering Research Foundation (PCERF)** stands as an esteemed **Organization**. The core mission revolves around addressing industry challenges, fostering awareness about cutting-edge technological advancements, and facilitating solutions for day-to-day challenges.

Through unwavering commitment, **PCERF** propels the construction industry forward, elevating quality, knowledge, technology, and research & development (R&D) standards. **PCERF** platform comes alive through dynamic workshops, seminars, conferences, and professional development options, each becoming a corner stone for progress.

CONSTRO International Expo has been a key event in the construction industry since **1985**. With a strong focus on "**Education through Exhibition,**" it reflects the core purpose of Constro. Known as the leading construction expo in India's Largest Integrated Construction Expo it brings together the latest in construction machinery, materials, techniques, and projects. The event is well-organized and provides a business-friendly environment that meets international standards.

IMPACTFUL JOURNEY

PCERF's inception in 1983 was a response to the evolving construction landscape. The foundation emerged from the collective efforts of leading professional engineers who recognized the need for an association to drive research and development. PCERF'S incorporation on August 24th, 1983, marked the beginning of a unique non-profit organization with a focus on enhancing construction technology.

• YOUCONS

Youth forum of **PCERF** encourage all the Young Constructors, Engineers, Architects, and Aspirants to join the PCERF's Youth Wing (**YOUCONS**). This forum promises to inspire and empower youth to drive positive change, leveraging their energy and ideas for sustainable development.

• Vidyarthi Awards

Vidyarthi Award is an initiative to give exposure to the creativity of students, create a platform for interaction with industrialists and network with a cross section of various construction industry professionals.

• Safety Awards

Construction Safety' is a key factor occupying the minds of Construction industry professionals and companies alike. To create maximum awareness of Construction Safety and to transform and inculcate it in organization's culture, **PCERF** has been organizing 'PCERF – Kumar Beharay Construction Safety Awards'.

▶ Executive committee information

Shri. Narendra Kothari
President, PCERF

From President's Desk

“ Dear Industry colleagues and friends,
PCERF is glad to host **CONSTRO 2026**, 20th in the series with great pride and pleasure. We are glad to make **CONSTRO** a yearly event on the request and demand.

It only because of the consistent faith and trust bestowed by all the construction Industry professionals as well as the manufacturers of various machineries and materials related to our Industry that we could see the movement of CONSTRO flourish over the years.

The Constro International Exhibition by PCERF offers professionals a platform to learn, share knowledge, and stay updated with industry advancements. PCERF continues its commitment to the construction fraternity through development, education, research, and promotion, and invites all professionals to join this journey. Thanking you and wishing you all a very successful 2026.

Shri. Jaideep Raje
Chairman, CONSTRO 2026

From The Chairman's Desk

“ Esteemed Industry Colleagues, Co-sponsors, Concept Partners, Collaborative Partners, and Friends,
it gives me immense pleasure to announce the 20th Edition of “CONSTRO” from **8th to 11th Jan 2026, at the Pune International Exhibition & Convention Centre (PIECC), Moshi, Pune, India.**

CONSTRO 2026, spread across 8,000 sqm, will be the largest edition yet. Showcasing the latest in materials, machinery, methods, and technology, it will serve as a key platform for exhibitors and visitors nationwide, with PMRDA as the ‘Concept Partner’.

A key highlight will be the PCERF Safety Summit, focused on collaboration and safety in the construction industry. We invite professionals from all sectors to join and make Constro 2026 a success.

▶ India's Largest Integrated Construction Expo

Since 1985, CONSTRO International Expo has been a leading force in the construction industry, built on the ethos of Education through Exhibition. As India's premier construction expo, it brings together machinery, materials, methods, and projects on a grand scale, setting benchmarks for the sector. Held in Pune, the event highlights diverse aspects of infrastructure development, fosters B2B collaborations, and features curated seminars that showcase the latest innovations.

In today's context of climate change, the construction industry plays a vital role in reducing emissions and promoting sustainability. CONSTRO 2026 will spotlight eco-friendly practices and cutting-edge solutions, covering sectors such as landscape and gardens, solar systems, construction materials, machinery, automation, equipment, and consulting, offering future-ready answers for a better built environment.
